

About Y.A.D.D.A.

The first YADDA conference was held in 2011 in response to a growing need to provide a forum through which young women can become educated and empowered to end the cycle of domestic violence and sexual abuse. Through YADDA young women ages 13-19 are given the opportunity to attend our annual Being There Conference where they can attend workshops and seminars designed to assist them in their journey of healing and empowerment.

YADDA is growing and expanding. We solicit your prayers and financial support as we endeavor to utilize this ministry to help stop the intergenerational cycle of abuse, while providing young women with practical tools to help them live abuse free lives.
